Toward the African Revolution
by Frantz Fanon
The political essays, articles, letters and notes about Africa and the problems of colonialism contained in this volume cover the most active period in Fanon’s life, from the publication of Black Skin, White Masks in 1952 to that of The Wretched of the Earth in 1961, the year of his death.

A Dying Colonialism
by Frantz Fanon
Author of The Wretched of the Earth
